PRECISION WELDED PRESSURE TUBING

## NEW WORLD STAINLESS IS THE RELIABLE SOURCE FOR PREMIUM QUALITY PRECISION WELDED SMALL DIAMETER STAINLESS STEEL AND NICKEL ALLOY TUBING

Our products are designed and manufactured for consistently reliable performance in applications requiring high pressure tolerance and enhanced corrosion resistance. We pride ourselves on producing the highest quality welded tubing in the industry and we are committed to being the best.

Premium tubing, superior customer service, extensive testing, and value added services are incorporated in the comprehensive product bundle we offer. Tubing is available as straight lengths or in one of several coil configurations. We produce 'welded to size' and 'welded and drawn tubing', and also produce tubing with enhanced properties.

### INDUSTRY APPLICATIONS:

- + OFF-SHORE AND LAND-BASED OIL & GAS
- + POWER GENERATION
- + CHEMICAL PROCESSING
- + FOOD & BEVERAGE
- + PHARMACEUTICAL
- + HEAT EXCHANGER
- + HEATING ELEMENT
- + INDUSTRIAL REFRIGERATION
- + MEDICAL DEVICE
- + GEOTHERMAL
- + AUTOMOTIVE

## TIG WELDED TUBULAR PRODUCTS

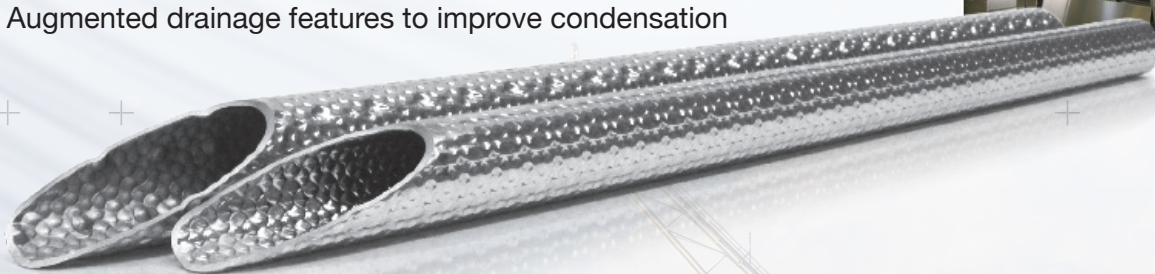

- 304/304L, 316/316L, 321, 2205, 825, 625, C276 and Titanium
- ASTM A249, A269, A789, A268, B626, and B704
- 1/16" to 1" O.D.
- 0.010" to 0.083" wall
- Welded to Size, Welded and Drawn, and Floating Plug Drawn
- Orbital Welding, Spooling, & Straightening
- Long Length Coils ( 35,000 ft + ) and Precision Cut Straight Lengths

## VIPERTEX ENHANCED METAL SURFACES

**BENEFIT BY UTILIZING THE MOST ADVANCED STAINLESS STEEL AND TITANIUM TUBING IN YOUR HEAT TRANSFER SYSTEMS—MAKE THEM SAFER AND MORE PRODUCTIVE**

- Increased surface area for more efficient heat transfer
- Improved nucleation sites for quicker and easier evaporation
- Amplified turbulence to minimize laminar flow
- Upgraded anti-fouling characteristics to increase optimal performance lifespan
- Augmented drainage features to improve condensation

## QUALITY ASSURANCE

OUR TESTING PROCEDURES MEET AND EXCEED ASTM SPECIFICATIONS. THESE TESTS INCLUDE EDDY CURRENT, COMPRESSES GAS, HYDROSTATIC, AND X-RAY INSPECTION TO ENSURE THAT THE FINEST PRODUCT LEAVES OUR FACILITY.

**For questions or product inquiries contact us today**

General Information: 732•412•7137

Sales: 713•412•7141

## SPECIALTY PRODUCTS

- Enhanced Metal Surfaces
- Custom Coiled Configurations
- Tube-in-Tube Coils
- Tubing Encapsulated Cable (TEC)

## ADDITIONAL OFFERINGS

- Flat Packs
- Custom Encapsulation Products
- Seamless Tubing

NEW WORLD STAINLESS IS A US-BASED MANUFACTURING FACILITY FOR PRECISION WELDED SMALL DIAMETER STAINLESS STEEL, TITANIUM AND NICKEL ALLOY TUBING. WE HAVE A PROVEN RECORD OF PROVIDING EXPERTISE AND PRODUCING PREMIUM QUALITY LONG LENGTH COILED TUBING. OUR TEAM HAS DELIVERED PRODUCT AND SERVICES TO BOTH OFFSHORE AND LAND-BASED GAS AND OILFIELD PROJECTS AROUND THE WORLD.
